

Julian Garcia

Resume for Application

julian.garcia@student.nmt.edu

1 Summary

Hardworking student with some practical experience in a lab setting as well as plenty of employment experience.

2 Previous Employment

- Internship at Sandia National Labs
- Clerk at Smiths
- Assistant at Skeen Library

3 Education

- Graduated top 10 of my class at Los Lunas High School
- Currently pursuing a bachelor's in computer science with a minor in literature

4 Technical Experience

My main experience with practical use of CS comes from an iternship I held at Sandia National Labs. During said internship, I was able to gain some experience managing databases with their solar department. During the internship, I also helped complete a project in which we made an interactive map of the solar arrays which would pull info from the database and relay it in real time. With this project I gained some experience with Mysql, PHP, and CSS.
